

CAPABILITY STATEMENT

Government Supply | Contract Fulfillment

Florida | info@patriotprocurementsolutions.com
patriotprocurementsolutions.com

Patriot Procurement Solutions LLC is an SBA-certified Service-Disabled Veteran-Owned Small Business that sources commercial, industrial, aerospace, defense, and tactical products for federal, state, and local government agencies. PPS coordinates each requirement from quotation through delivery, including supplier communication, order administration, documentation, packaging, logistics, and final acceptance. We work with established manufacturers and distributors while providing agencies with one accountable prime contractor.

CORE CAPABILITIES

- Requirement review, product sourcing, and quotation coordination
- Prime contract administration with single-point accountability
- COTS, MRO, industrial, aerospace, defense, and tactical supply
- Supplier qualification, order tracking, and documentation coordination
- Packaging, labeling, preservation, and shipment management
- Domestic logistics coordination from award through acceptance

PRODUCT CATEGORIES

- Industrial hardware, fasteners, mechanical components, and tools
- Maintenance, material handling, fluid handling, and water systems
- Facility, commercial, safety, and fire protection products
- Aerospace and defense components, equipment, and general supply items
- Body armor, plate carriers, riot shields, and protective equipment
- Ballistic, bump, and other tactical helmets
- Weapon optics, including red-dot sights
- Tactical knives and related field equipment
- Ammunition from .22 LR through .50 BMG

WHY PPS

- SBA-certified SDVOSB with a focused government supply mission
- Service-first execution built around preparation, accountability, and clear communication
- Flexible, supplier-neutral sourcing across diverse product categories
- Support for established federal suppliers and companies entering government markets
- Coordinated documentation and fulfillment aligned to agency requirements
